SHIRT BUTTONS

Luxury is in the details.

THE ART OF THE FINISHING TOUCH

A beautifully considered shirt is a collection of quiet choices:
the fall of the cloth, the line of a cuff, the character of a button.
Together, they create a style that feels unmistakably your own.

Our Shirt Buttons collection invites you to explore that final detail.
From soft, understated tones to expressive colour and intricate patterns,
each choice brings a different personality to your shirt.

Choose a subtle complement to your favourite fabric, or a distinctive
accent that catches the eye. The finest expression of luxury is personal:
a detail chosen with care, and worn with confidence.

Find your finishing touch.
